WAY TO PEACE POINTED BY DR. ELIOT

WORLD-TOUR SUCCESS PEACE IS PROMOTED

Harvard's Distinguished President Emeritus In
Hawaii with Conclusions Reached—"Exempt
Private Property From War Seizure"

"The chief contributory cause to world peace would be the adoption by the nations of the policy advocated by the United States for more than a hundred years; that of exemption from seizure of private property on the high seas in time of war. If universally adopted it would be a long step toward disarmament."

Standing on the deck of the Siberia as she nosed her way through the channel this morning, Dr. Charles W. Eliot, president emeritus of Harvard, trustee of the Carnegie Peace Foundation, and emissary of education and international intercourse under the

be a campaign of education, and it will take time to work out the many complicated problems. There should be a fuller submission of all international disputes to The Hague Tribunal.

"As regards the exemption from seizure of private property on the high seas, it is easy to see how this would reduce the armament of the nations. Why does England maintain a navy of such enormous proportions? Simply because she is dependent on the outside world for all her foodstuffs and raw material, and must defend this supply in case of war with a strong navy. Japan is in much the same position as England as to this source of supply. Exemption from seizure would have to be reached by a binding international agreement that would be enforced by all the nations in case of war between any two or more."

The Peace Foundation.
Dr. Eliot is the first of the men of note to be chosen as peace emissaries to the world under the plans of the Carnegie Peace Foundation of \$10,000,000. The foundation is divided into three main branches, each with a definite sphere of activity toward the common end. The first section is for the study and possible improvement and modification of international law; the second for the study of the economics of war, as applied to the civilized world; the third is to promote education and international intercourse. It is this third arm of the service of peace that Dr. Eliot is attached to, and since November 7 last he has been on a world tour investigating conditions and paving the way for better understanding and better friendship between the nations.

It is to the Far East that Dr. Eliot has looked for results on the present trip. Three months in Ceylon, and the rest of the time in China and Japan, have given him a clear insight into social and economic conditions of these countries, calculated to make his observations of lasting value to the cause which he represents.

"The wars of conquest are over," said Dr. Eliot. "It is wars over international differences of opinion that are

sweeping plan of world-wide amity projected by the Peace Fund, summed up the observations of a globe-girdling trip in the above sentence.

"There is no disposition toward disarmament among the nations of the Far East at present," continued Dr. Eliot. "The campaign of peace must

PROGRESSIVES LAUNCH NEW PARTY IN HAWAII

Fourteen Attend Meeting — Atkinson Goes to Chicago — A
Declaration of Faith Is Adopted.

The progressive party of Hawaii was formally launched today when Honolulu men held a meeting at noon at the offices of A. L. C. Atkinson and adopted a "declaration of faith" to be announced to the voters and residents generally of the territory.

George P. Thielens just saved the new movement from being a launcheon with thirteen members. He came in late and stopped the hoodoo. Those present were:

Former Governor George R. Carter, A. L. C. Atkinson, Prof. H. M. Ballou,

C. G. Helzer, George P. Thielens, C. J. Falk, Prof. Taggart of the College of Hawaii, Apawai Manuwal, J. F. Bowler, Arthur Mackintosh, M. L. Heen, C. F. Peterson, Edward L. Kauai, and David Kalauokalani, Sr. Mr. Carter as chairman of the provisional committee of five was chairman and Prof. Ballou secretary.

No change of importance was made in the progressive principles as drawn up and read to the meeting. They were taken up section by section and approved.

The meeting decided that A. L. C. Atkinson should go to Chicago to secure representation, if possible, for Hawaii in the Progressive convention in August. Atkinson leaves on the Siberia this afternoon.

The Progressives will go ahead with organization work, drawing up party rules and outlining a skeleton plan of formation.

The statement embodying the progressive principles as adopted today was stated by Chairman Carter as not embodying all of them. Some matters have been talked over, but not yet agreed upon. As adopted today, the statement says:

The Provisional Committee beg to report that they met under instruction and concluded to proceed to advance the interest of a Progressive party by an attempt to secure representation for Hawaii in the Chicago convention and in the newly organized National Committee. With this in view the treasurer was instructed to secure the necessary funds, and the chairman to communicate with Progressives throughout the islands.

CRITICAL POINT IN GREAT POLO BATTLE

This picture was taken during the third period of the polo game last Saturday, which was eventually won by Oahu 8 to 7 3/4. The score, as shown by the board in the background, was 4 to 3 in favor of the invaders, when the camera was snapped, and Oahu was defending the Makai goal. The action shows a hot scrimmage near the home goal line, with both sides making a desperate attempt to get possession of the ball. On the extreme left of the picture is Harold Rice, the Maui No. 2. Next is David Fleming, Maui back, who is trying to get in a backhand toward the goal posts, and is being ridden off by Sam Baldwin, Oahu's No. 1. Frank Baldwin is waiting just behind the scrimmagers, ready to jump toward the ball, which ever way it is knocked. On the right are Harold Castle and Arthur Collins (in helmet) in full gallop after the flying sphere. This picture is one of a remarkable series made last Saturday by A. R. Gurrey, Jr.

FISHER FAVORS FREAR BUT OPEN TO CONVICTION, HE SAYS

Secretary Will Leave for Hawaii the Moment Congress Adjourns—Will Consult Governor and Delegate Kalaniana'ole on Arrival.

(Special Star-Bulletin Correspondence)

By C. S. ALBERT.

WASHINGTON, D. C., July 11.—"I will leave for Honolulu the minute Congress adjourns. I will make an investigation of land conditions and other matters in accordance with the instructions given by the President. I am much interested in pending legislation of importance to my department and can not go to Hawaii until the present session of Congress ends."

Such was the statement made to the Star-Bulletin correspondent by Secretary Fisher, who was some months ago

detailed by President Taft as a special commissioner to investigate the administration of Governor Frear and report regarding the expediency of his reappointment for another term. He insists that the inquiry will be made as originally planned. He will consult after reaching Hawaii with Governor Frear and Delegate Kalaniana'ole, seeking to sift the divergent opinions entertained by each.

It is known that Secretary Fisher favors the reappointment of Governor Frear, but declares he is open to conviction.

PACHECO, BACK FROM BALTIMORE, TELLS HOW SUGAR FIGHT WAS WON

Democratic Delegate Gives Inside History of Clever Victory for Hawaii

M. C. Pacheco, delegate from Hawaii to the Democratic national convention at Baltimore, arrived home today on the Oceanic liner Sierra.

How the Hawaiian delegation waged a winning fight against the adoption of a free-sugar plank in the party platform is told by Mr. Pacheco from the interesting point of view of an "insider," for he was a member of the committee on rules. He comes back declaring, like a good Democrat, that Hawaii ought to vote the local Democratic ticket, and is pulling hard for L. L. McCandless.

In speaking this morning of his trip, Mr. Pacheco said: "I have traveled considerably since I left Honolulu on June 12. I visited Chicago, Baltimore, Washington, New York, Coney Island, Buffalo, Niagara Falls, Kansas City, Mo., and Salt Lake City, but I am glad to be back home."

"The Hawaiian delegates to the Democratic national convention have done their full duty towards the Territory of Hawaii in preventing a free sugar plank from being inserted in the Democratic national platform. It is now up to the voters of the Territory to perform their duty in protecting our

chief industry by voting for the Democratic nominee for Delegate to Congress—L. L. McCandless.

"There is not the least doubt in my mind but that Woodrow Wilson will be elected to the presidency of the United States next November. It is also a certainty that the next Congress will have a Democratic majority in both House and Senate. Under these circumstances, it is the duty of the Hawaiian electorate to support the man who is compromised to a reasonable protection on sugar, not only because he is in duty bound to defend any sudden attempt to entirely eliminate the tariff on sugar, but because he will be in harmony with the administration and the majority in Congress."

"It was only by the wisest discretion and diplomacy that we succeeded in preventing a free sugar plank from the Democratic national platform. With Champ Clark in favor of free sugar, and Bill James, the permanent chairman of the convention, also outspoken in its favor, it took careful maneuvering to combat these powerful influences. Mr. Harry Irwin, as a member of the platform committee, worked like a Trojan to keep out the free sugar plank. As a member of the committee on rules I worked for a change in the order of business which appealed to

ADMIRAL STANFORD HERE TO INSPECT PEARL HARBOR WORK

Chief of Bureau of Yards and Docks Declares Plans for Extension of Drydock Will Be at Standstill Until Congress Appropriates Money for Improvements.

That further plans for the extension of the Pearl Harbor drydock will be at a standstill until Congress appropriates money for the improvements, and that up to the present time the naval appropriation bill is indefinite, is the news brought by Rear Admiral Homer Stanford, chief of the Bureau of Yards and Docks, who arrived on the Sierra this morning.

Admiral Stanford, who holds down one of the biggest administrative jobs in the navy, was appointed chief of bureau about six months ago. He is considered one of the most competent and progressive of the navy civil engineers, holding the rank of commander in his corps when appointed to the office which carries his present rank.

Admiral Stanford's visit to Honolulu at this time is considered extremely significant, in view of the im-

portance of the Pearl Harbor work to the broad defensive scheme of Hawaii. He will thoroughly familiarize himself with the conditions here, so as to understand the problems that find their way back to Washington from time to time, and his coming is thought to mean much for the progress and success of the new naval base that is intended to be the key to the Pacific.

No Money Available.
"I received a cable this morning stating that the appropriation bill was still in conference," said Admiral Stanford to a Star-Bulletin reporter. "Until the question of finances is settled we will take no action toward determining the compensation for the contractors for the drydock extension or for the changes in specifications."

SPLIT SEEN ON SUGAR VOTE

Progressive Democrats in Senate and House Democrats Are Apart

[Associated Press Cable]

WASHINGTON, D. C., July 22.—It is believed that a substitute for the Democratic free sugar bill will be passed next Saturday by the Senate. The Progressive Democrats among the Senators have agreed to support a rate of 1.72 cents on refined sugar, abolishing the differential and the Dutch standard. It is said that the House will not accept this plan.

PROPOSED CUT DOESN'T WORRY SUGARMEN

The present duty on refined sugar is 1.90c a pound, or \$38 a ton, so that the Democratic proposal of 1.72c means a reduction of only 8.60 a ton. Sugar men in Honolulu say that this will cut but little ice, and they presume that the duty on raw will be made the same as refined in the Democratic schedule.

DUKE GETS NEW RECORD

[Associated Press Cable]

HAMBURG, Ger., July 22.—Duke Kahanamoku Jr. of Honolulu, winner of the world's 100-meter swimming championship at the Olympic games, today set a new record for the distance in a meet here in which many prominent Olympic athletes engaged. Kahanamoku swam the 100 meters in one minute and one-fifth of a second, breaking his own world's record of one minute two and two-fifths seconds set at Stockholm in a heat of the championship race.

JUDGE HANFORD HAS RESIGNED

[Associated Press Cable]

SEATTLE, Wash., July 22.—Federal Judge C. H. Hanford, who is under fire for alleged drunkenness on the bench and corrupt private life, has wired his resignation to President Taft. He said the cause was illness.

When the committee in charge of the Hanford investigation was informed of the fact that the jurist had wired his resignation, Congressman Berger of the committee stated that the matter would be carried no further.

NO ROOSEVELT CONTRIBUTIONS

[Special Star-Bulletin Aerongram]

WASHINGTON, D. C., July 22.—Former Senator Scott of West Virginia testified today that no contributions were received for the Roosevelt campaign fund in either 1904 or 1908 from Harry Havemeyer or the Havemeyer combine.
